CONTACT

sauravupadhyaya77@gmail.com

SKILLS

Python, JavaScript, C, C++
CSS, HTML
TensorFlow, Pandas, NumPy
MySQL
Git, Linux(Ubuntu)
Data Structure Algorithm
Selenium(Web Scraping)

EDUCATION

KANTIPUR ENGINEERING COLLEGE
2017 - 2021
Bachelor in Computer Engineering

ADDRESS

Kathmandu, Nepal

LANGUAGES

English- Professional Fluency
Nepali- Native

SUMMARY

I am a final year computer engineering student studying in Kantipur Engineering College. I have done projects in data science and web scrapings.

ACCOMPLISHMENTS

LITE 2020 SOFTWARE COMPETITION
Android Studio | Flutter

Project Name: FREE MESSAGING APP

PROJECTS

STOCK MARKET PREDICTION USING RNN
Python | Recurrent Neural Network

Predicted Nepali Stock market closing price from historic data using Recurrent Neural Network.

HISTORIC NEPSE DATA EXTRACTION
Python | Selenium | Beautiful Soup

Scraped Nepal Stock Market data from sharesansar.com using selenium and extracted data using beautiful soup. Also, cleaned and merged the data using Pandas and NumPy.
